

Executive Director, Investments

UBC Faculty Pension Plan

Location: Vancouver, BC

The University of British Columbia Faculty Pension Plan (UBC FPP) is seeking an exceptional investment leader to join as Executive Director, Investments. With over \$3.4 billion in assets and more than 7,300 members, the UBC FPP is one of the largest and most respected defined contribution pension plans in Canada.

The Executive Director will play a central, advisory role in managing the Plan's investment strategy, reporting directly to the Board of Trustees. This is a unique opportunity to influence one of Canada's most innovative pension platforms while working closely with a highly engaged, knowledgeable, and committed Board.

About the Role

The Executive Director, Investments, is responsible for overseeing all investment-related activities, including:

- Monitoring and evaluating investment fund managers and service providers
- Recommending changes in asset allocation, investment strategy, and fund structure
- Leading manager searches, investment reviews, and due diligence
- Providing strategic guidance to the Board of Trustees on investment matters
- Enhancing member education and stakeholder engagement through clear, data-driven communication
- The position is based on the spectacular UBC campus in Vancouver

Ideal Candidate

The successful candidate will bring:

- Senior-level experience in investment leadership, pension consulting, or institutional asset management
- Deep technical fluency in capital markets, portfolio construction, and investment strategy across asset classes
- Experience managing or advising on large, complex investment portfolios
- Strong communication and board-facing experience
- A collaborative leadership style with the ability to build trust with a wide range of stakeholders
- Strategic and analytical thinking with a focus on innovation, risk management, and performance

Credentials: A university degree in finance, economics, business, or a related field is required. An MBA and/or CFA designation is strongly preferred.
